## STEM at Home

### Baking Soda Volcano

**Materials:** 6 cups of flour, 2 cups of salt, 2 tbsp. of baking soda, 1 cup of vinegar, 1 empty water bottle, Water, Bowl, Food coloring

*To make the volcano you need to mix the flour and the water. Then, shape it into a volcano. Don't forget to leave a hole as wide as the diameter of the bottle. Finally, bake it.*

*Then put the bottle in the hole and pour in the vinegar. After that, put in some food coloring. Next, pour in the baking soda. Last watch the explosion.*
